MODEL: CBS-15

Creative

Creative - IP WALL MOUNTED BOX SPEAKER

Experience crystal-clear sound and smart IP connectivity with the Creative IP Wall Mounted Box Speaker, designed for powerful and reliable announcements across every corner of your facility. With seamless network integration and advanced audio performance, it ensures instant, distortion-free communication for offices, schools, hospitals, factories and smart buildings.

FEATURES

- Compatible with VoIP & SIP devices (IP PBX, IP Phones)
- SIP and ONVIF protocol support
- Integration with IP Camera / VMS/NVR via ONVIF
- Pre-recorded message playback
- Upload and delete multiple voice files via Web UI or API
- USB flash drive support for audio storage
- Scheduled broadcast and multicast support
- IP address and registered account announcement
- HTTP API integration for alarm transmission
- OpenVPN and L2TP supported
- SNMP and TR069 management support
- Registered and unregistered status notifications
- 12V DC output to connect Strobe Light or Hooter

MODEL: CBS-15

USP's

- ❖ High Power Output

  Loud and distortion-free announcements with 15W
- ❖ SIP & ONVIF Compatible

  Unified audio and security integration
- ❖ PoE Powered

  Single cable for power and data
- ❖ Pre-recorded Messages

  Supports scheduled broadcasts
- ❖ Secure Connectivity

  VPN and SSL support
